

## Upper Iowa University – Fort Sill location Emergency Procedures

In the event of an emergency, the Fort Sill Location will operate under the Emergency Operations Plan of the Fort Sill Military Installation. .

**EVACUATION PLAN:** Familiarize yourself with the nearest exits to your classroom or office. This may include a door or office. Know your designated meeting point/safe zone (fire = 50 ft away from the building). Going to the meeting point allows for a designated emergency staff to do a head count and know if all have exited safely. If you find yourself in a critical situation where you need to exit the building

–

- If safe to do so, notify other people in the area.
- If fire and you see flame, call 911.
- Depending on the situation, proceed to the nearest safe exit – leave your things, don't try to take a bunch of items with you.
- Wait for the all clear – this will most likely come from your instructor, law enforcement, or other recognized emergency personnel.

**POTENTIAL EXPLOSION:** If you discover this sort of threat to learner or faculty safety, call 911. Warn those who can safely be warned. Evacuate as soon as possible by the nearest safe exit. **Assemble at the designated meeting point.**
